# More Than the Sum of Our Parts

From inventory management to technical training, **Applied Industrial Technologies** offers a host of specialized services that support needs beyond sourcing products. These tools help make you more efficient, productive and profitable.

## + Technical Training

Our **MaintenancePRO**® courses train your personnel to **understand your parts and products**, including proper installation, maintenance and service life. Visit [www.Applied.com/maintenancepro](http://www.Applied.com/maintenancepro) for a complete course listing.

## + Fluid Power Shop Services

Through our fluid power subsidiary network, Applied® offers a **wide range of services** from product maintenance, conversion and updating to entirely new, custom-designed systems.

## + Rubber Services

Applied® offers **complete rubber product solutions**, including conveyor belting fabrication and a wide range of accessories such as molded cleats, fasteners, installation tools and more.

## + Customized Repair Shop Services

Applied® Specialty Repair/Rebuild Shops offer a **cost-effective alternative** to purchasing new parts. Rubber Shops, Fluid Power Shops and Mechanical Service Shops are additional proof of our **commitment to providing outstanding service**.

## + Hose Shops

As a **Goodyear Star distributor**, Applied® provides custom hose assemblies within 24 hours. Our hose services include cutting, crimping, coupling, assembling, banding, clamping, tagging and kitting.

## + Storeroom Management Services

Applied® offers **comprehensive inventory management solutions**. Our Storeroom Services program **enables you to cut the costs and time** associated with maintaining and issuing spare MRO parts.
